## AROUND the TOWNSHIP

The township will be well equipped with fire apparatus and houses to keep it in before the end of the year, it became apparent with movement underway in both Irvington and Newark for the erection of suitable structures.

Construction at Irvington is expected to start after July 1 and the Newark firemen and commissioners this week made a new fire house the subject of a special meeting. The word is that it won't be long now.

California trees distributed at last year's national Junior Chamber of Commerce convention at Denver are growing in all parts of the United States and reminding their owners that Niles is one of the towns in the Golden West that makes an effort to "tell the world."

This was the message of Russell Knowland, general chairman of the "On to Oakland" committee arranging for the national convention in Oakland this coming June. President Lewis and Past President Lawrence Sharpe attended a recent committee meeting in Oakland and pledged support of the local chamber for the coming convention. Plans are under way to make a gift this year similar to that which proved one of the outstanding hits of the Denver convention.

St. Patrick's Day will be observed on next Thursday, with several parties and dances being arranged.

A Junior Traffic Patrol benefit dance will be given at Alviso School on March 17; Betsy Ross Parlor, N. D. G. W., will have a St. Patrick's party in Anderson Hall at Centerville on Mar. 18; the Niles S. E. S. will have their St. Patrick's dance at the Palomar Ballroom on March 19. Looks like a big celebration, with all.

## Sorrowing Friends Attend Rites For Township Pioneer

NILES—Final rites for one of the township's oldest pioneer residents, Mrs. Annie Elizabeth Murphy, 72, were conducted Tuesday from the old family home where the deceased had lived for more than 40 years on Second Street. She was the mother of Thomas Ben Murphy of Niles and Mrs. E. J. Cavanaugh, of Piedmont.

Surviving also are a sister, Mrs. Margaret Turner of San Jose and three grand-children, Betty Murphy of Niles, and Patsy and Barbara Cavanaugh of Piedmont.

For the past year and a half, Mrs. Murphy had been residing with her daughter in Piedmont because of ill health. She passed away Sunday morning.

She was the wife of the late Thomas J. Murphy who passed away in Jan. 1918, and was the daughter of the late Mr. and Mrs. Bernard Briscoe who came to Mission San Jose around the Horn in 1849 from Ireland. The Briscoes were among the first residents of the Mission and were there during the planting of the first orchards, some of which still bear fruit and stand as reminders of the historic days of the township.

When the family moved to Niles the Murphy and Briscoe general store was established, the son of the deceased still being engaged in operating this business.

After services in the home, mass was said at the Corpus Christi church and interment was at the Holy Sepulchre cemetery under the direction of the Berge Mortuary Company of Niles.

Palbearers at the funeral were Principal E. D. Bristow of the Niles Grammar School; Roadmaster Joe Gomes, Barney Bragg, M. Moise, William Cavanaugh and Matt Whitfield of Mission San Jose.

The grammar school was dismissed Tuesday morning until noon in respect to Mrs. Murphy's passing.

### Wrecks Auto On East Dumbarton Bridge Approach

NILES—Although the toll office on the Dumbarton Bridge failed to stop Chris Maloney, 37, janitor of the Inter-Dale School, Menlo Park, the fence at the eastern approach to the bridge did and his precipitous transit across the bay landed him in the Alameda County jail for 10 days in lieu of a \$50 fine.

According to Deputy Sheriff Wallace Ebricht and George Wisner, Maloney tore down about 50 feet of fence along the bridge approach and was parked across the highway where at least two motorists narrowly avoided crashing into him. Verne Conklin, employee of the Diablo Country Club at Danville, was directing traffic when officers arrived. Sam Kai Kee, Stanford University student, was another driver who almost crashed into Maloney's car.

E. E. Lien of 80 Yale Road, Menlo Park, bridge employee, stated that Maloney had whizzed past the toll office at high speed and failed to pay his bridge fare.

Maloney appeared before Judge J. A. Silva at the Niles Justice Court yesterday and pleaded guilty to being drunk in a car.

### Niles Fire Truck Arrives And Many Tests Are Given

NILES—Frequent tests have been made this past week by the Niles Fire Department for their new \$6,000 engine which made a triumphal entry into town last Sunday. The engine was delivered to local firemen in Niles Canyon and the boys brought the new apparatus into town with a blast from the siren calling attention to the grand entry.

Commissioners F. V. Jones, E. E. Dias, Leon Solon, J. J. Alberg and Ed Rose met Chief Tony Alves and Assistant Chief Clarence Crane and the boys at the fire hall. Commissioner E. E. Dias is also an assistant fire chief, playing a double role for the day.

The engine is the only one in the township that is painted white. It is equipped with the most modern appliances and according to its proud crew is the "best yet".

### TWO BIG FILM HITS BILLED AT THEATRE HERE DURING WEEK

NILES—Two outstanding pictures will be shown at the Niles Theatre during the coming week. Irene Dunne and Cary Grant will be starred in the film, "The Awful Truth," which shows Sunday and Monday. It is billed as the most entertaining screen comedy that ever tickled a nation's funny-bone, far ahead of anything produced in many months. On the same bill will be "This Way, Please."

Wednesday and Thursday, Sonja Henie and Don Ameche carry off top honors in "Happy Landings," another big hit picture.

Tonight and tomorrow a double program is offered including "Over the Goal" and "The Purple Vigilantes."

### HORSE KILLED ON HIGHWAY

NILES—A prized horse belonging to Mat Miller was killed when A. J. Barrett of Sunol, driving along the main highway at Niles, crashed into it. Barrett suffered lacerations of the face and was given first aid by Dr. E. G. Dawson.

The car, badly damaged, was taken to the Crane Garage. Investigation of the accident was made by Deputy Sheriff Henry Vervais.

NILES—Beginning next Friday the annual bulb show will open at the California Nursery Company and will continue for four weeks. During week-ends there will be special entertainment with strolling singers and tea will be served in the Old Adobe where visitors will be guests of the nursery.

During the week days hundreds of garden lovers will be present representing various garden groups throughout Central California. Special programs will be arranged of interest to these groups and to the general public. Most of the clubs arrange to bring a picnic lunch, coffee being served by the nursery.

Special invitations to various groups in Washington Township have been issued by George C. Roeding, Jr., these cards admitting visitors without admission fees during the week-end. A small charge is made to limit week-end visitors to those really interested in the bulb show and to eliminate the over-flow crowds of Sunday picnic parties who are merely looking for a day's outing and are not particularly interested in flowers.

This will be the seventh annual bulb show to be held by the nursery. In the past as many as 5,000 people from all over the state have been present.

During the first two weeks the daffodils will be of special interest and during the last two weeks tulips will hold the center of the stage. More than 100,000 bulbs will be blooming during the coming month.

In addition to the displays of growing plants in the gardens there will be an exhibit of cut flower arrangements directed by Mrs. Roeding, these being of sufficient interest in themselves to attract hundreds of flower lovers to Niles during this time.

### GARDEN CLASS TO VISIT BULB SHOW

CENTERVILLE—A preview of the seventh annual outdoor bulb show at the California Nursery Company will be enjoyed by members of the garden class of the Washington Union High School next Monday. The group will meet at the Old Adobe at 10:30 a. m. and will be taken on a tour of the grounds. The first of more than 100,000 bulbs will be in bloom, daffodils being the predominance.

The regular afternoon lecture will be held in the visual education room at the high school. Mrs. Martha Phillips will be in charge and all those interested are invited to attend.

### BOTANY LECTURE AT NILES NURSERY

NILES—Motion pictures of a recent expedition to South America at which time many rare plants were gathered will accompany a lecture to be given by Prof. T. H. Goodspeed, head of the Department of Botany and director of the Botanical Gardens of the University of California, at the California Nursery Company next Tuesday afternoon. This will be for members of the Woodside Atherton Garden Club and will be attended by about 40.

## Niles Chamber Of Commerce To Elect Officers Monday

NILES—Two new names for directors of the Chamber of Commerce were added to the list of nominees at Monday's meeting—J. Boyce Smith, publisher of The Township Register and George C. Roeding, Jr., president of the California Nursery Co.

Other directors already nominated are Lester Duffey, E. A. Ellsworth and F. V. Jones. All present officers were nominated for reelection. Ballots will be cast at next Monday's meeting.

A letter from the Appeal Section of the Department of Employment asking for quarters in which to hear claimants for benefits under the California Unemployment Reserves Act was referred to Judge J. A. Silva with the recommendation that the justice court room be available for this purpose. These hearings have formerly been carried on in Hayward.

President Kirk stated that at present to answer a letter from the State Chamber of Commerce seeking information regarding wildflowers in this section. The state chamber is frequently asked where wildflowers may be found, the letter stated.

President Kirk stated that at present about 100 acres of wildflowers were in bloom between Niles and Centerville, this being mostly oxalis, a bright yellow blossom that carpets the orchards and meadows of the township early each Spring. A particularly beautiful spread of color is to be seen near the Ellsworth ranch at present, the blossoms being more noticeable this Spring because of the routing of the new highway.

P. as a recognition of their 241 per cent increase of membership during the past year. Other lodges from Modoc county will be present. The public meeting will be preceded by a banquet for members and guests.

NILES—Protests against the proposal to divert road funds toward re-financing of the Oakland-San Francisco Bay bridge were expressed by the Niles Chamber of Commerce at Monday's luncheon meeting at the Hotel Belvoir. Secretary A. J. Petsche was instructed to send a telegram to Governor Frank Merriam who recommended a measure providing for the above, voicing the disapproval of the chamber.

The measure recommended by Governor Merriam would give the Toll Bridge Authority power to divert portions of the State gas tax from Northern California counties to the bridge refinancing program. The fact that there is not sufficient money now in the State Highway Department to make necessary improvements in the Niles Canyon road and to carry on other road projects was one of the chief reasons expressed for opposing the Merriam suggestion.

The fact that inasmuch as the bridge is used by all parts of the state and by people outside of the state there was no justice in asking Northern California counties to bear the entire cost of the refinancing plan, members of the chamber said.

It was also pointed out that with the 1939 fair approaching there would be thousands of dollars coming in from tolls to be paid by tourists who would in no wise object to the toll and that it would be foolish to eliminate this source of income at this time.

The telegram from the Chamber of Commerce stated that this organization was opposed to any diversion of the road funds derived from the State gas tax.

Local officials interviewed were practically unanimous in expressing their disapproval of the suggestion made by Governor Merriam on the opening day of the special session of the state legislature.

Some stated that they would favor the allocation of a certain portion of road funds to maintain the bridge since that was a part of the state highway system. Others stated that the toll should remain until the bridge is paid for and that the bridge should then be toll free and maintained by the state as any other part of the highway system.

Attinger, Goodrich dealer here. The tire was produced after two years of research and test by The B. F. Goodrich Company, Akron, Ohio, America's oldest tire manufacturer.

"This new tire, we believe, is one of the most outstanding contributions ever made to greater safety on the streets and highways," Attinger said. "The special tread design adopted after more than 100 types had been tested and rejected, will do much to prevent those accidents caused by skidding or inability to stop quickly enough when an emergency arises."

"The new Goodrich Silvertown tire is now in Niles and may be inspected at any time."

**HELPS KEEP  
EYES RIGHT!**

PEOPLE say modern lighting that is "easy on the eyes" makes the eyes feel better . . . And they are right . . . Good lighting brings out the beauty of the home furnishings . . . It aids personal beauty, too.

Light that is glaring brightness or that is dim and gloomy makes hard work of seeing. It causes squints and frowns and scowls and brings on many premature wrinkles and face-lines.

Good, modern lighting merely means the right kind of light, and the right amount of light where you read or sew or use your eyes. And you can have it easily, quickly, inexpensively. A Home Lighting Recommendation chart made out for your home will fit lighting to serve the exact seeing-needs in your home. This is a free service and there is no obligation. Hundreds are taking advantage of this service. Why not you?

# Announces... A NEW KIND OF TIRE

## AMAZING LIFE-SAVER TREAD GIVES YOU SPLIT-SECOND STOPS ON SLIPPERY RAIN-DRENCHED ROADS

● A new tire comes to town to give you the greatest life-saving protection on wet, slippery roads that you've ever had on your car—a tire that's actually a ROAD DRYER!

Just look at the row upon row of never-ending spiral bars in this new Life-Saver Tread. Then you'll understand why it acts like a battery of windshield wipers, sweeps the water right and left, forces it out through the deep grooves, making a DRY TRACK for the rubber to grip.

Yes, sir, the new Goodrich Safety Silvertown with the Life-Saver Tread will stop you quicker, safer—on a wet pavement—than any tire has ever stopped you before! That's why a "Silvertown Stop" can easily be a life-saver to you on slippery rain-drenched roads.

And, adding one safety feature to another,

this new Silvertown is also the only tire that gives you the Golden Ply—the famous Goodrich invention that resists the terrific blow-out-causing heat generated inside all tires by today's high speeds. By resisting this internal heat, the Golden Ply protects you against high-speed blow-outs.

### Extra Safety At No Extra Cost

Remember, many tires cost more than Silvertowns; but no other tire—at any price—can give you this two-way protection against skids and blowouts. Unless you make your next tires Silvertowns you'll be cheating yourself and your family out of the greatest tire safety ever offered.
